WORK SAFETY, OCCUPATIONAL HEALTH, AND ENVIRONMENTAL ACTIONS OF AZ4 DISPLAYS IND. E COM. LTDA.

AZ4 GROUP: Safety, Health, and Environment in Harmony: A Journey of Excellence!

At AZ4 Displays Indústria e Comércio Ltda., we deeply value safety, health, and environmental sustainability. These are not just objectives but fundamental values that shape our corporate culture. We firmly believe that a prosperous future can only be built on responsible foundations in the present.

Our Commitment:

Safety First:

We implement a robust program for the prevention of accidents and occupational diseases. We prioritize the well-being of everyone involved at AZ4, whether they are employees, service providers, or clients.

Focus on Occupational Health:

We take care of the physical and mental health of our employees by providing a safe, healthy, and ergonomic work environment. We continuously promote awareness of healthy habits to improve quality of life.

Environmental Balance:

We are committed to sustainability in all our operations. We reduce waste and operate pollution control systems responsibly, as we believe that development must be in harmony with the planet.

Our Policy:

Management and Leadership Engagement:

The Management and Leadership team personally lead the excellence in Work Safety, Occupational Health, and the Environment. They identify and eliminate risks, promoting awareness at all levels of the organization.

Supervisor's Responsibilities:

In all manufacturing, administrative, and commercial units, supervisors are responsible for preventing harm to their subordinates and minimizing environmental impacts.

Active Employee Participation:

We encourage active employee participation in prevention and environmental control programs. We believe that safety is everyone's responsibility and promote mutual and individual care.

Safe and Satisfactory Work Environment:

Our commitment is to provide a work environment where everyone feels safe, healthy, and satisfied. We strictly comply with all safety, health, and environmental laws and regulations.

Efficient Risk Management:

We effectively identify and control risks related to safety, health, and the environment through well-structured programs and processes, always aiming to minimize these risks.

Committed Leadership:

Directors, managers, and employees from all units take collective responsibility for safety, health, and the environment, integrating these practices with other essential business functions.

Sustainable Industrial Operations:

We constantly seek to eliminate or reduce waste generation in our operations. We operate our pollution control systems responsibly and in compliance with legal and corporate standards.

Audits and Continuous Improvement:

We conduct regular audits of all activities related to work safety, occupational health, and the environment. The results are used to continuously improve our practices and processes.

Join us at AZ4 GROUP and be part of a journey where excellence is achieved with responsibility and respect for our employees, the community, and the environment!
